EUROPEAN ORGANIZATION FOR NUCLEAR RESEARCH

FIRST SESSION OF COUNCIL

GENEVA

7th-9th October 1954

RESOLUTION CONCERNING THE NOMINATION OF THE AUDITORS

Rule 11(a) of the Financial Rules provides that the Council shall appoint Auditors. It was agreed at the 7th Session of the Council of the interim Organization (see CERN/GEN/12) that auditing should be entrusted to a governmental organ. Accordingly, there have been recent discussions with the "Contrôle Fédéral des Finances", of Switzerland whose Director has agreed to undertake the Audit on receipt of an official request to the Swiss Government. Council is asked to agree that such a course should be followed, and that the Chairman should so write to the Swiss Government. It is further supported that the Contrôle Fédéral des Finances should be asked to undertake audit as from 1st July 1954, and for three and a half years in the first instance.
