CERN FUSION RESEARCH - PROPOSED SETTING UP  
OF INFORMAL STUDY GROUP

Draft Resolution proposed by the Danish Delegation

"The Council decided to set up a study group for plasma physics within the framework of CERN administration and economy. The study group shall examine the present state of a fundamental research work on plasma problems carried out in various countries and organizations and make a report to the Council to be used for its deliberations as regards future research work on these problems and the possible participation herein by CERN."
