

CONFIDENTIEL

ORGANISATION EUROPÉENNE POUR LA RECHERCHE NUCLÉAIRE
CERN EUROPEAN ORGANIZATION FOR NUCLEAR RESEARCH

SIXTEENTH SESSION OF THE COUNCIL

Geneva - 14 June, 1960

RESOLUTION ADOPTED BY THE COUNCIL AT ITS SIXTEENTH SESSION

The COUNCIL,

taking into account the situation resulting from the death of Professor Bakker, Director-General of the Organization,

considering that, at the time when CERN is entering upon the phase of the intensive scientific exploitation of its apparatus, the Organization and the Member States have the utmost interest in ensuring maximum continuity in the leadership of CERN,

being of the opinion that the choice of Mr. J.B. Adams for the post of Director-General would guarantee to the Member States that all the requirements for such a post would be met and give them the definite assurance that continuity was maintained in the direction of CERN,

requests the President of the Council to bring to the attention of the responsible Minister and the competent authorities in the United Kingdom the unanimous view of the Council as to the importance of placing Mr. Adams at the disposal of CERN and requests the United Kingdom Delegation to make the necessary arrangements to this end.
